

SECTION I (AMENDMENTS TO THE CLAIMS)

Following is a list of claims 1-20 as amended herein, with markings to show changes made:

1. (Currently amended) A method of retaining curl in ~~a curled human keratinous material~~ eyelashes which comprises applying to the ~~curled human keratinous material~~ eyelashes a composition containing a transglutaminase in an amount of from about 0.004% to about 0.025% by weight of the composition.
2. (Original) The method of claim 1 in which the composition has a pH of about 6 to about 7.
3. (Currently amended) The method of claim 1 in which the ~~curled human keratinous material is human hair~~ eyelashes that is curled naturally, chemically or mechanically already have a natural curl or have been artificially curled.
4. (Original) The method of claim 3 in which the application of the composition is followed by the application of heat.
5. (Cancelled).
6. (Previously presented) The method of claim 1 in which the transglutaminase is present in the composition in an amount of from about 0.006% to about 0.017% by weight.
7. (Previously presented) The method of claim 6 in which the transglutaminase is present in the composition in an amount of from about 0.0086% to about 0.0135% by weight.
8. (Original) The method of claim 1 in which the transglutaminase is a microbial transglutaminase.

9. (Original) The method of claim 1 in which the transglutaminase is a mammalian transglutaminase.
10. (Currently amended) A method of enhancing curl in ~~a curled human keratinous material~~ eyelashes which comprises applying to the ~~curled human keratinous material~~ eyelashes a composition containing a transglutaminase in an amount of from about 0.004% to about 0.025% by weight of the composition.
11. (Original) The method of claim 10 in which the composition has a pH of about 6 to about 7.
12. (Currently amended) The method of claim 10 in which the ~~curled human keratinous material~~ is human hair that is curled naturally, chemically or mechanically already have a natural curl or have been artificially curled.
13. (Original) The method of claim 12 in which the application of the composition is followed by the application of heat.
14. (Cancelled).
15. (Previously presented) The method of claim 10 in which the transglutaminase is present in the composition in an amount of from about 0.006% to about 0.017% by weight.
16. (Previously presented) The method of claim 15 in which the transglutaminase is present in the composition in an amount of from about 0.0086% to about 0.0135% by weight.
17. (Original) The method of claim 10 in which the transglutaminase is a microbial transglutaminase.
18. (Original) The method of claim 10 in which the transglutaminase is a mammalian transglutaminase.

19-20. (Cancelled).
